

Celebrating special people

Consider inviting children's special family members and friends into your setting on special days of the year e.g. Father's Day, Mother's day.

They could simply visit, share a snack prepared by the children or take part in an event such as storytelling.

Take photographs of each member that attends the event and create a book of important mums/dads, carers, uncles/aunties, brothers/sisters, grandmas/granddads, family friends, important neighbours etc.

Remember to be sensitive to children who may have lost certain members of their family/friends and consider children that may have different family set-ups.
