

Community celebration

Why not have a celebration day for Diwali, so all the families in your community can join in and celebrate the festival?

- Are any of your nursery families celebrating? If so, can they bring in photos of previous Diwali celebrations for the children to look at and discuss?
- Could any of the parents come in and help you celebrate by making some yummy Diwali treats, such as Kulfi or Pala Kova?
- Have a party to celebrate good winning over evil and decorate the room with the lights you have made in your activities
- Invite parents to come along and party with you and the children - why not dress in colourful clothes to celebrate and invite your local paper in to take pictures!
